

Zeitschrift für Psychologie

2017

The *Zeitschrift für Psychologie*, originally founded in 1890, is the oldest psychology journal in Europe and the second oldest in the world. One of the founding editors was Hermann Ebbinghaus. Since 2007, it is published in English and devoted to topical issues that provide state-of-the-art overviews of current research in psychology.

The *Zeitschrift für Psychologie* publishes high-quality research from all branches of empirical psychology that is clearly of international interest and relevance, and does so in four topical issues per year. Each topical issue is carefully compiled by guest editors and generally features one broad Review Article accompanied by Original Articles from leading researchers as well as addi-

tional shorter contributions such as Research Spotlights (presenting details of particularly interesting work in progress), Horizons (summarizing important recent or future meetings or outlining future directions of work), and Opinion pieces that provide a platform for both established and alternative views on aspects of the issue's topic.
